COUNTA (HEADER)

Size

This template is 100% scale of full size, and must not be re-sized or scaled.

Shape

Bleed line
Artwork must extend to this line. The area in between this line and the safe area lines must only be used as a quiet area.

Cut line
Perimeter of the cut graphic area, before any finishing. The area in between this line and the finished line will hidden from view.

Finished line
Approximate perimeter of the visible graphic area, after the graphic has been finished and adhered to the unit.

Safe area line
Important content (text, logos etc.) must be kept within this line.

Layers

Please note, this template contains a locked layer that is set to be non-printing. Any artwork elements that are put on this layer will not be included in exported PDFs, and will not be printed. Please check your exported artwork before sending it to us.

Design. Must be used to create and supply your design.

🔒 **Guide (Non-Printing).** Must not contain any of your design elements. May be deleted, if desired.

Artwork Requirements

Artwork must be supplied:

- At the exact size of this template
- With all fonts outlined
- With all images embedded
- With all design elements on the Design layer
- With all important content inside the safe area
- With background/quiet content all the way to the bleed line
- With none of the template guide lines included or flattened
- With no crop marks, bleed marks, colour bars or other registration marks present
- As either PDF (preferred), AI or EPS format
- With exported files checked that all design elements are included

For a full list of artwork requirements, please refer to our website.

Please refer to the instructions on the first page.

All artwork elements must be supplied on the Design layer. The Guide layer must be deleted before saving your print-ready file.

This text must be deleted.
