This template is setup at 20% scale of full size.

Artwork should be supplied:

- With fonts outlined
- As PDF (preferred), AI or EPS
- With all guides and marks removed

Template size: 1735.2mm × 447mm
Finished size: 867mm × 2235mm
Finished left and right panel size: 673mm × 2235mm (×2)
Finished front panel size: 734mm × 2235mm (×5)
Finished rear panel size: 734mm × 2235mm (×5)

The vertical guides indicate the splits between panels. It's recommended to minimise the amount of text that crosses over the splits.

Please be aware that each end panel curves around the side of the unit and create your design accordingly. See the overhead illustration for positions of each panel.

If you intend for your design to meet seamlessly between the rear panels and the left panel, please remember to check that the leftmost part of your design matches up with the rightmost part of your design.

Please make full use of the bleed area and include this along with crop marks when exporting your print-ready file(s).
